Describing events or activities in the past and in the future

Describe things you have done in the past and planning to do in the future

Olivia's diary books

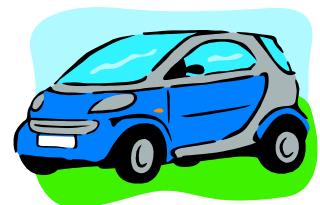

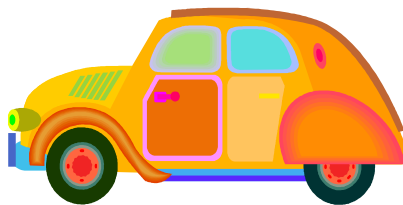

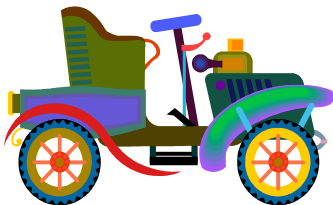

A long time ago when I was a teenager I had a pink secret 5 year diary book at home in my bedroom.

Recently I got a smart organizer book for this year's BSL study plans.

One day I would like to set up my own PC diary!

Joshua's cars

It was so nice of my grandfather to keep his first car for my 18th birthday. It was such a beautiful car. It cost a lot of money but too slow for travelling on modern roads. I still keep it for my hobby!

Two weeks later I bought a second hand car so I can travel to different deaf clubs! In my dream I want to buy a new sport car one day.

Comprehension of a narrative

My past, present & future plan

Every Saturday we watch regular BBC Deaf programme called See Hear and Switch, Deaf Soap at 12.30pm. It was strange to see some of my Deaf friends on TV!

This moment I don't have any deaf magazines. I will order from website to receive two every two months for a year. One of them called Sign Community and One in Seven. It will be nice to know what happened in Deaf community.

www.yourlocalcinema.com

We rent DVD once a month to watch at home as rarely, we, Deaf people go to the cinema because of lack of subtitles. Sometimes they got a good foreign film with subtitles.

Every morning for an hour before I go out for work I started my hobby much later when I was 35. Someone told me if I plant sunflowers in a pot it would give me the confidence to do my garden regularly! I did it regularly during the year except winter. I wouldn't do it if it rains!

Please do your research for any Deaf Information
